**PRIVACY.** KB-Resource LLC discloses the information collected on this website and how it is used. This report is based on visitors to [www.kb-resource.com](http://www.kb-resource.com). Specifically, the information in this report is aggregated to provide information on website usage. KB-Resource believes that the creation, distribution and consumption of content is critical to a company's success. Their goal is to help companies create and distribute valuable, relevant, and consistent content to attract customers. Therefore, their model is based on the number of people they can send back to a source website from theirs -- very different from placing an ad on a website and supposedly get clicks and hits. It is a quality, not a quantity, model – one based on source ROI – not just theirs.

AIM also places a proprietary code on the KB-Resource.com website, which provides superior intelligence to fortify sales and marketing teams with information that they can use. The Code uses proprietary methodology to identify users of this website beyond statistics in traditional Google Analytics data. **KB-RESOURCE.COM****Sample Companies Who Visited and Consumed Content This Month**

KB-Resource.com draws companies in for a variety of reasons. These are just a few who visited in August and consumed content – the specific content depended on their reasons for the visit. Their position is stated this way: “People are too busy today to read advertising. They look for content that has value. But, producing content with value is getting harder and harder. ‘There’s nothing new under the sun’ is a famous saying. But what’s new to you, is not new to someone else. That is the reason why you must publish all the content you can, wherever you can.”
